# LOVE LIVES HERE

This Valentine's Day, we celebrate the many forms of love that enrich life at our community—love between partners, families, friends, and the caring relationships built every day between residents and staff. From shared stories and laughter to simple acts of kindness, these connections create a sense of belonging that truly feels like home. Valentine's Day reminds us that love is not only found in grand gestures, but in the warmth of companionship, the comfort of familiar faces, and the heartfelt care that surrounds our residents each day.
